thrive," says Justin Skelton, senior vice president and chief information officer at Dine Brands Global. "We believe in empowering our IT team to drive technological excellence, and this recognition is a testament to their expertise, dedication, and the collaborative spirit that defines Dine's unique culture."

As one of the world's largest full-service dining companies, Dine has established itself as an industry leader in workplace culture. Over the past year, Dine has implemented a new Parent Transition Program, rolled out an interactive Total Rewards Dashboard, and continues to emphasize and invest in its Team Member Resource Groups. Since 2019, Dine has tripled its investment in technology and continues to make smart investments that meets the needs of restaurant guests, franchisees and their restaurant teams, and Dine corporate team members.

"Technology is playing an increasingly important role in modern business. IT professionals continue to benefit from this trend, as this year's winning organizations increase staffing and offer a variety of pathways to upskill, reskill, and diversify their teams." said Rob O'Regan, Global Director, Content Strategy at Foundry. "These companies provide a model for IT and HR leaders who are looking for new ways to attract, engage, and retain talent in an increasingly competitive IT environment."
